Living In Truth

**Community Youth
Resource & Referral Guide**

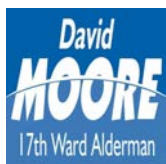

Dear Community Residents

It is my pleasure to have such a wonderful, expanding community. For years, I have served the community to inspire and connect with people making it a safe, secure, comfortable place to live. I understand that as we grow, upcoming projects can affect the community tremendously. Therefore, I am committed to supporting fun educational experiences that motivate our youth.

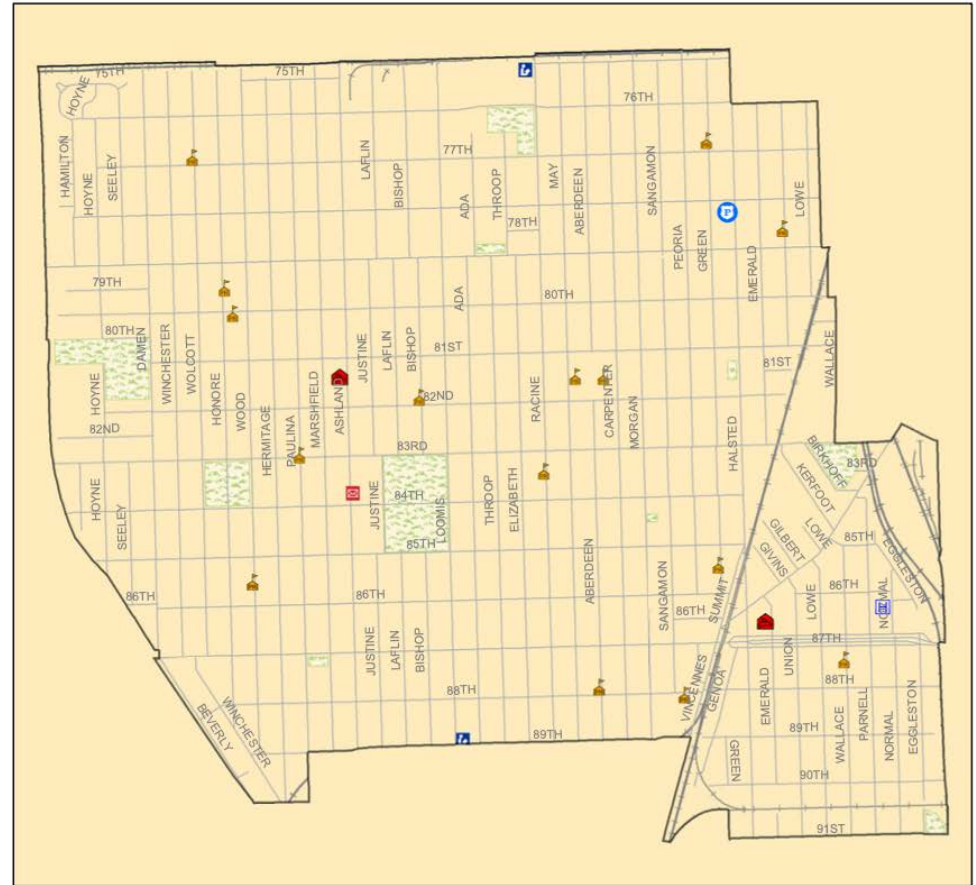

Through the StayLIT Community Youth Services Program, not only is the community able to locate available youth resources, but also participate in the services as needs arise. The youth resource and referral guide increases awareness and accessibility to local youth organizations, government offices, parks, libraries, businesses, as well as other community assets that are essential to the continued growth and development of young adults. Increased awareness and accessibility to local resources and services would lead to great improvements for the local community.

Every youth deserves to live a pleasant life, so please do not hesitate to immediately address critical issues that may arise. Together, we can make an even greater impact for our emerging leaders. It is my honor to work with you as we all play our part to keep a clean, safe, and working community for all residents of Auburn-Gresham & West Englewood.

Sincerely,
David Moore

From the Desk of the Executive Director

Dear Community Residents,

This youth resource and referral guide will be instrumental in making sure issues within our community are addressed and that anyone in need of assistance, support, or services would have immediate access to information. We want to offer solutions to offset violence and delinquency, as well as, educate and train young adults how to independently resolve issues. Furthermore, our goal is to expose young adults to leadership development opportunities through hands-on, educational-based activities offered through service learning projects.

The service learning projects create opportunities for emerging leaders to develop skill sets for life in general, but specifically in college, careers, trades and/or entrepreneurship. Youth Ambassadors get the opportunity to network with youth from other communities and learn other perspectives on life, families, and communities.

Lastly, we certainly cannot take on this monumental task alone. Collectively, we all can play a role in reducing youth violence and delinquency within the Auburn Gresham, Englewood, Greater Grand Crossing, and Chatham community and this guide is just the beginning. With your assistance, we plan to expand our reach and offer full access to this youth resource and referral guide in print, electronic, and mobile form. Your continuous support enables us to work towards creating a healthy and safe community for all residents of the community. Thank you for being our Stay L.I.T. community resource partner and helping us inspire youth adults to Live in Their Truth!

Sincerely,
Dr. Carol Y. Collum
